

UNDER MINISTRY OF COOPERATION **ESTABLISHING 2 LAKH NEW** **MULTIPURPOSE PACS/FISHERY** **COOPERATIONS**

PURPOSE

- **Core Initiative:** Establishment of 2 lakh new multipurpose Primary Agricultural Credit Societies (PACS), Dairy, and Fishery Cooperatives across uncovered Panchayats and villages.
- **Institutional Vision:** Deepen the grassroots reach of the cooperative movement under the national directive of 'Sahkar-se-Samriddhi' (Prosperity through Cooperation).

- **Sectoral Integration:** Unifies agricultural credit, dairy procurement, and fishery activities into a singular, highly flexible multipurpose institutional framework.
- **Implementation Agency:** Driven jointly by the Ministry of Cooperation, NABARD, National Dairy Development Board (NDDB), and National Fisheries Development Board (NFDB).
- **Execution Framework:** Uses a standardized operational manual or 'Margdarshika' along with a 'Whole-of-Government' convergence model.

PURPOSE AND ELIGIBILITY

- **Primary Purpose:** Eliminate institutional gaps by establishing a functional cooperative in every single Gram Panchayat across India.
- **Socio-Economic Balance:** Target marginalized tribal, Dalit, and Adivasi areas to achieve uniform, balanced regional rural growth.
- **Grassroots Eligibility:** Open to newly formed promoter groups, rural youth, and eligible grassroots farming communities.
- **Regulatory Compliance:** Group structures must strictly fulfill sector-specific conditions outlined by their respective

State/UT Cooperative Societies Act.

- **Geographical Focus:** Prioritizes uncovered rural patches, coastal villages, and zones containing substantial natural water bodies.

OFFICIAL FORMATION **PROCEDURE**

- **Initial Identification:** District Cooperative Development Committees (DCDC) identify uncovered panchayats via the National Cooperative Database.
- **Promoter Mobilization:** Mobilizing a minimum group of

rural producers to elect a Chief Promoter and pass a formal resolution.

- **Adoption of Bye-Laws:** Adoption of the official Model Bye-Laws prepared by the Ministry to enable multiple business operations.
- **Capital Mobilization:** Collecting initial share capital from members and securing a bank balance certificate from local DCCBs.
- **Statutory Registration:** Submitting the comprehensive dossier to the State/UT Registrar of Cooperative Societies (RCS) for approval.
- **Institutional Alignment:** Onboarding the newly registered unit onto the National Software Network

via NABARD for ERP integration.

MANDATORY DOCUMENTATION

- **Promoter Details:** KYC documents, addresses, photographs, and signatures of all founding promoters and members.
- **Proposed Bye-Laws:** Four original certified copies of the Model Bye-Laws customized to local state regulations.
- **Formal Resolution:** Certified copy of the resolution passed during the initial promoter meeting specifying the authorized correspondent.
- **Bank Certificate:** Clear certificate from a cooperative

bank verifying the required credit/share capital balance.

- **Viability Scheme:** A structured business plan explaining how the proposed society will achieve long-term operational viability.
- **Geographic Mapping:** Authentic location data, land/building availability records, and the demarcated area of operations.

THIS MAY VARY ACCORDING TO STATES

SERVICES PROVIDED BY
MULTIPURPOSE PACS

- **Financial Services:** Delivery of short, medium, and long-term credit alongside RuPay Kisan Credit Cards and Micro-ATMs.
- **Common Service Centres (CSCs):** Provision of over 300 e-services including digital banking, insurance, and utility bill payments.
- **Agri-Input Hubs (PMKSK):** Access to high-quality fertilizers, seeds, and advanced pesticides under one localized roof.
- **Healthcare Stores (PMBJK):** Lowering medical expenses by running functional Jan Aushadhi Kendras for affordable generic medicines.

- **Energy Distributorships:** Eligible to manage commercial LPG cylinders, CNG, and retail petrol/diesel pumps.
- **Decentralized Storage:** Operating village-level warehouses and godowns under the World's Largest Grain Storage Plan.

BENEFITS TO DAIRY AND FISHERIES SECTORS

- **Infrastructure Upgrades:** Enables cold chain financing for bulk milk coolers, testing labs, and

processing units.

- **Fisheries Infrastructure:** Funds the development of Biofloc ponds, modern fish kiosks, and specialized hatcheries.
- **Backward Linkages:** Secure supply lines for quality cattle feed, fish seeds, testing kits, and modern harvesting equipment.
- **Forward Market Access:** Direct integration with district and state federations to expand the overall size of consumer markets.
- **Scheme Convergence:** Direct access to funds via the

National Programme for Dairy Development (NPDD) and PM Matsya Sampada Yojana (PMMSY).

MACRO IMPACT ON THE RURAL ECONOMY

- **Income Enhancement:** Eliminates middle-men to significantly boost net profits for small and marginal farmers.
- **Global Market Reach:** Channels local agri-produce directly into domestic and global trading supply chains.

- **Employment Generation:** Sparks a multiplier effect creating sustainable direct and indirect rural jobs.
- **Digital Transparency:** Eradicates corruption through automated, cloud-based ERP software networks.
- **Price Stability:** Guaranteed crop procurement at Minimum Support Price (MSP) via dedicated national cooperative portals.
