

1. MISSION PURPOSE & VISION

Deendayal Antyodaya Yojana - National Rural Livelihoods Mission is a flagship program engineered by the Ministry of Rural Development to alleviate rural poverty through the promotion of diversified and sustainable livelihoods.

The central mandate focuses entirely on organizing poor rural women into institutional frameworks like Self-Help Groups to foster financial independence and structural growth.

By building highly capable community platforms, the mission drives universal social mobilization and builds scalable livelihoods for marginalized sections.

Official programmatic updates and national strategies can be reviewed directly on the

central web infrastructure hosted via the
[Ministry of Rural Development
Portal](<https://rural.gov.in>).

2. INSTITUTIONAL ELIGIBILITY

Eligibility criteria target poor rural households through a systematic participatory identification framework rather than generic income certificates.

At least one capable woman member from each identified poor household is mobilized into the institutional network of Affinity Self-Help Groups.

Special priority windows are built for highly vulnerable social categories, including scheduled castes, scheduled tribes, landless laborers, and persons with disabilities.

Detailed parameters governing community targeted criteria can be fully verified on the national digital platform via the [DAY-NRLM Official Portal](<https://daynrmlm.gov.in>).

3. FINANCIAL INTERVENTIONS

The program provides credit-linked financial support directly to registered community institutions to establish absolute economic sustainability.

A Revolving Fund is disbursed directly to mature groups to augment their institutional corpus and meet immediate consumption and production needs.

A Community Investment Fund is routed through federations to catalyze long-term asset creation and individual micro-enterprise setups.

Comprehensive financial guidelines and interest subvention patterns are published transparently via the centralized bank link on the [DAY-NRLM Portal](<https://daynrmlm.gov.in>).

4. STEP-BY-STEP WORKFLOW

Step 1: Social mobilization experts conduct community entry protocols to identify eligible households within the target village borders.

Step 2: Affinity groups comprising ten to twenty rural women are structured to establish regular weekly thrift and internal lending channels.

Step 3: Opening an official institutional bank account enables direct linkage to revolving funds and capital credit channels.

Step 4: The group scales into village level federations to access community investments and larger entrepreneurial credit limits.

Operational step breakdowns are systematically mapped out on the [DAY-NRLM Portal](<https://daynrlm.gov.in>).

5. MANDATORY DOCUMENT CHECKLIST

1. Digital baseline verification records identifying individual household deprivation indicators within the village ecosystem.
2. Certified copies of group resolution minutes detailing member consensus, official office bearers, and internal rules.
3. Interlinked Aadhaar identification numbers and corresponding direct benefit transfer enabled bank account passbooks.
4. Valid institutional registration logs, weekly bookkeeping ledger files, and resolution registers required by credit managers.

Complete administrative templates are available for immediate download via the [Ministry of Rural Development Portal](<https://rural.gov.in>).

6. CAPACITY & ENTERPRISE GROWTH

The program establishes intensive capacity building infrastructure to upgrade traditional rural skills into sustainable business entities.

Community resource experts train members in advanced scientific farming practices, non-farm production cycles, and digital financial transactions.

Dedicated custom hiring hubs and value-chain cold links are provided to ensure stable product aggregation and high-margin market entries.

Skill development modules and enterprise support allocations can be monitored via the [DAY-NRLM Portal](<https://daynrlm.gov.in>).

7. STRATEGIC SCHEME **QUESTIONS**

Question 1: How can rural women join an active group? They can contact local village federations or State Rural Livelihood Mission desks directly.

Question 2: What livelihood assistance can be claimed? Support spans technical skill training, processing machinery capital, and direct market access tools.

Question 3: How do groups unlock institutional bank loans? By maintaining flawless weekly records and passing standard grading tests verified on the [DAY-NRLM Portal](<https://daynrlm.gov.in>).
