

PMFME Scheme Overview

Type: Food-processing enterprise support programme.

Purpose: This national initiative aims to formalise and strengthen existing micro food-processing enterprises.

Objective: To upgrade local businesses and integrate them into organized supply chains with enhanced market access.

Eligibility Criteria

- Individual micro food-processing units operating in any location.
- Farmer Producer Organisations (FPOs) engaged in raw food handling.
- Self-Help Groups (SHGs) involved in local food processing operations.
- Producer Cooperatives managing common infrastructure networks.

Benefits and Support

- **Credit-Linked Capital Subsidy:** Provides 35% subsidy on eligible project costs up to Rs. 10 Lakhs.
- **Seed Capital:** Seed capital support up to Rs. 40,000 per member for SHG groups.
- **Common Infrastructure:** Support for laboratories, storage, and processing units.

Step-by-Step Procedure

1. Online registration on the official online portal setup for PMFME.
2. Detailed Project Report (DPR) preparation with technical components.
3. Field level verification by assigned District Resource Persons.
4. Bank loan appraisal, sanctioning, and subsequent credit release.

Required Documents

- Completed Detailed Project Report detailing all planned costs.
- Standard applicant KYC including Identity and Address records.
- Enterprise registration certificate or enterprise proof details.
- Bank statement records and formal loan application files.
